My place

Stephanie Longden 30 //
consultant, Majer Recruitment

Dream house and where?

Light, airy and open overlooking the ocean anywhere in Queensland.

What appeals to you about the suburb you are living in?

Carina is just far enough away from the city yet it's easy to get to the CBD. I really like space around me so Carina suits me perfectly.

What is your tip for making a home look more appealing?

You can create an instant update on a budget by getting rid of clutter, and make the home feel warm with a few framed photos of friends and family.

What will your next home purchase be?

I have been living without a couch for six months and as soon as I decide what type I really want, I'll go shopping for it.
